

GENERAL LAWTON NOW HAS BALNAG

Scattered the Strongly Intrenched Rebels.

CAPTURED LARGE AMOUNT OF FOOD SUPPLIES.

MacArthur's Forces Concentrated and Took Up the Advance at San Fernando This Morning—Do Not Apprehend a Strong Resistance on the Part of the Enemy—The Enemy to the South and East of Manila Are About 9,000 Strong, Opposed by Sufficient Force Under Overshine and Hale.

Washington, May 4.—[Special]—The following was received from Gen. Otis this morning: "Lawton holds Balnag after a rapid movement from Augat. He scattered the strongly entrenched enemy to the north and northwest, capturing a large amount of food supplies. MacArthur's column concentrated and took up the advance at San Fernando this morning. I do not apprehend a stout resistance on the part of the enemy. The enemy to the south and east of Manila are about nine thousand strong, opposed by sufficient force under Overshine and Hale. The demonstrations thus far are met by these officers with slight losses. Many requests have been received from outlying cities for protection against the insurgent troops."

"Col. Summers, with six battalions, Dakota Third Infantry with a piece of Utah's Light artillery of Lawton's division, proceeded north this morning to Maasin. They crossed the river and charged the enemy in a strong entrenchment, driving them northward and inflicting considerable loss. His casualties were two wounded. Both Wheaton and Hale found the enemy in force strongly entrenched and commanded by Gen. Luna, who was about four miles south of San Fernando. Hale on the right dislodged the enemy and Wheaton on the left leading in person, made a brilliant charge, scattering Luna's forces and inflicting a great punishment. Several officers and enlisted men were seriously wounded. MacArthur proceeds to San Fernando this morning. He was delayed by a partial destruction of a bridge across the river. It is not believed the enemy will make another determined stand until he effects their retreat to Mount Arayat."

Manila, May 4.—Gen. MacArthur began an attack this morning on San Tomas, a few miles northwest of Calumpit. The Americans are fighting stubbornly to capture a strong strategic point. The rebels have started fires in several places in the town. San Tomas is the latest headquarters of the insurgent forces under Gen. Luna. Refugees from that place who entered the American lines yesterday reported that the rebels were concentrating there and deserting San Fernando, where Luna's headquarters had been previously. The rebels were digging trenches along the railway there and had destroyed the railroad bridge to hinder a possible advance of the Americans.

Still Hoping for an Armistice.

Manila, May 4.—The Filipino commissioners held another conference of two hours' duration with Gen. Otis Wednesday, and subsequently visited the American commissioners. The situation is apparently unchanged. Gen. Otis, in an interview after the conference, said that the Philippines asked for a three months' armistice in the entire archipelago. They admitted, under questioning, that they did not control all the islands, but said that they wished to obtain time to ascertain the complete opinions of the people.

Undoubtedly Aguinaldo is playing for delay, as he still requests time in which to convene the Filipino congress and have the situation discussed by that body. Gen. Otis positively refused to grant an armistice.

The Filipino commissioners argue that the Spanish prisoners should be regarded in the same light as Americans. The Spanish were the old enemy and the Americans are the present enemy. Besides, the United States has become possessed of the Spanish property and has assumed the Spanish obligations; consequently their footing is similar to that of the Spaniards.

A Spanish prisoner who escaped into the American lines reports that after Gen. Hale's advance on Quingua 200 were buried, thirty-five in one trench and twenty-seven in another. This is the largest number of rebels that have been killed in any engagement for several months.

SEVEN ARE MISSING.

Admiral Dewey Has Authentic News of His Captured Sailors.

Washington, May 4.—The following cablegram has been received from Admiral Dewey:

"Manila, May 3.—Secretary Navy, Washington: The following are the Yorktown prisoners at insurgent headquarters at San Isidro: Lieut. Gilmore, Chief Quartermaster William

Walton, Sailmakers' Mate Paul Vahdoit, Coxswain John Ellsworth, Apprentice (third class) Albert Peterson, Landsman Sylvio Brisoless, Landsman Paul Edwards and Landsman Fred Anderson. Provisions have been sent to them by Otis. Am continuing inquiries as to the fate of the other seven.

DEWEY. It is said at the navigation bureau that there is every reason to believe these missing sailors are not dead, or at least not all of them. The naval officers here believe that some of the Yorktown's crew succeeded in making their way into the lines of the Spanish garrison at Baler, where they would be well treated. Admiral Dewey is now striving to get into communication with the garrison at Baler.

Brigadier-General Wounded. Washington, May 4.—Brig. Gen. Irving Hale heads a belated list of casualties cabled to the war department by Gen. Otis Wednesday. The dispatch simply conveys the information that Gen. Hale was slightly wounded in the leg. The casualties reported include one killed and thirty-one wounded. The report covers the last week in April.

Confident Peace Is Near. Washington, May 4.—The confidence of the administration, as expressed by high officials, that the rebellion in the Philippines will be forced to a close without further parleying, leads to the assumption that they have received dispatches from Manila which they are not making public.

Tagalos Kind to the Americans. Madrid, May 4.—A representative of the Spanish war office says the department has advice to the effect that the Tagalos are treating with marked kindness the Americans from the Gunboat Yorktown who were taken prisoners. The Spanish garrison at Baler still refuses to surrender its position.

One horse was killed and others stunned. The building was somewhat damaged but did not burn. A straw stack belonging to Horace Wilkins was struck, and in burning caused such a bright light that many of the farmers thought the village was on fire. Gomez Cannot Revise His List.

Havana, May 4.—Gen. Gomez and his assistants on the committee representing the Cuban army having informed Gen. Brooke that it would be almost impossible to revise and reduce the lists on which payment of arrears is to be made, it is doubtful whether the military authority will pursue its efforts to purge the Cuban rolls, as the soldiers themselves are most concerned in seeing justice done to those who actually bore the burdens of the insurrection and their representatives are indisposed to encourage any critical investigation. The government will probably have to disburse the \$2,000,000 impartially among the deserving and the undeserving.

Mr. Selkirk says he rides an American-made bicycle, as do the majority of boys and girls in the district where he resides.

PATRONS OF GRAND ARE WELL PLEASED

FERRIS' COMEDIANS MADE A HIT LAST NIGHT.

Presented That Ever Popular Production "Cyrano de Bergerac"—Well Presented by This Strong Company—Tonight the Bill Is the Comedy Drama, "In Cuba."

Ferris' comedians appeared at Myers' Grand last evening in "Cyrano de Bergerac," one of the reigning literary and dramatic sensations of the age, and the production as presented by that excellent company was worthy of a larger audience than that which greeted them last evening, but the fact can no doubt again be attributed to the inclemency of the weather. The scenes and costumes

were fully equal to the merits of the play.

Mr. Graham as "Cyrano" did some truly clever work, and in this difficult role it afforded an opportunity to illustrate his talents more fully than any of the previous productions, and especially in the death scene. The costumes of Miss Roxane were beautiful and she took her part exceptionally well. Mr. Ferris, as Christian, was clever.

This Evening's Attraction. Tonight the company of clever comedians will present the four act comedy drama, "In Cuba."

The acknowledged best popular price show in the west is Ferris' comedians, playing a repertoire of musical farce comedies interpreted by genuine comedians and clever specialty artists. With prices in sympathy with the times and performances unequalled, they should doubtless test the capacity of the play house every night. There is an entire change of bill and specialties each night. Prices 10, 20 and 30 cents.

If you want your clothes clean and bleached white, use Maple City Self-Washing soap.

We Have the Advantage. We have a broker on South Water street, Chicago, who calls us up by long distance telephone every morning and tells us all about the best things in vegetables and fruits on the market. In this manner we are in almost as direct connection with the markets as being on the ground personally. What there is good in either fruit or vegetables we order and receive fresh the following morning. Our lists of vegetables include everything. SANBORN.

Will You Build?

If you contemplate building this spring give ample thought to the plumbing of the new house.

It Costs But a Trifle More To Have a Double System

of water service with a motor for elevating soft water to the reservoir—for bath and lavatory purposes. We are putting this class of work in a number of new houses and will be glad to explain it to you.

Hot Water is the acknowledged best heat for the house. Our heaters will run with one-third less coal than any system you can put in.

Figures on work of any kind we give you cheerfully.

LAPPIN'S HALL DEMOLISHED

Well-Known Play House Is Now a Thing of the Past.

Lappin's Opera house is now a thing of the past. During this week Contractors Billings & Cullen have had a large force of men at work tearing out the interior of the opera house, which when erected was one of the finest and most complete play houses in this part of the country.

That the house was well built throughout is plain to be seen, for the greater portion of the timbers in the main part of the house, as well as on the stage, are in good condition and would have lasted for many years without repair.

The work of clearing out all three upper floors will be rushed to completion, commencing from the fourth floor.

"One Grain Fills not a Sack"

But Helps Its Fellows.

In Spring work, we sow grain and expect a harvest. The cloddy ground is plowed, harrowed and cross-harrowed until with proper fertilizing it is in condition to respond heartily. How about your blood? It should have attention; the clods of impurity need dissolving and purifying with Hood's Sarsaparilla.

If this is done, the grains of health (corpuscles of blood) will bring you into perfect state, making you better fitted for life's duties and pleasures. Hood's never disappoints. Catarrh—"I was so low with catarrh that I could not get around the house. Tried all sorts of remedies. Hood's Sarsaparilla was the last. It cured me." Mrs. CHARLES RHINE, 335 Oak Lane, York, Pa.

Dyspepsia—"We all use Hood's Sarsaparilla. It cured my brother-in-law and myself of dyspepsia. I owe my life to it." M. H. KIRK, 607 Franklin St., Philadelphia.

Scrofula—"I am 77 years old and owe my good health and steady nerves to Hood's Sarsaparilla, as it cured me of scrofula, rheumatism and catarrh. It has prolonged my life." JAMES BROWN, 1595 Pearl Street, Cleveland, Ohio.

Impure Blood—"My work was a burden to me until I took Hood's Sarsaparilla. Poor blood was the cause. Have gained flesh and have color in my face." Mrs. A. A. HOWARD, Taunton, Mass.

Pneumonia—"After an attack of pneumonia my husband did not gain strength until he took Hood's Sarsaparilla. It made a new man of him. Mother had the grip and Hood's restored her strength." Mrs. HENRY O. TAYLOR, New Canaan, Conn.

Tired Feeling—"My appetite was capricious, my liver disordered and I was tired. Hood's Sarsaparilla relieved it all. It cured a friend of mine of female weakness." Mrs. JESSIE A. MEARS, Clayton, Del.

Makes Weak Strong—"I would give \$5 a bottle for Hood's Sarsaparilla if I could not get it for less. It is the best spring medicine. It makes the weak strong." ALBERT A. JAGNOW, Douglastown, N. Y.

HE USED COAL TOO FREELY.

Young Man Gathers Several Pieces as Evidence in a Case.

Clerk E. V. Whiton, of the Rock county municipal court, is closely guarding these days several pieces of hard coal that was brought into court by a well known young man who makes the Bower city his home.

On entering the court room with coal in hand the young man informed Judge Fifield that he wanted a warrant for a young man who threw the coal at him.

He said he did not know the young man's name, but that he thought he would gather up the coal so as to have it produced as evidence when the case is called to trial.

MILWAUKEE ROADS MOVE.

Causes a Surprise Party to Race Way Property Owners.

Owners of property on the race way in the rear of the postoffice have been treated to a little surprise this week by the Chicago, Milwaukee & St. Paul railroad company.

The surprise was the laying of one hundred and fifty feet of new side track extending from the Blodgett mill south to the Marzluft shoe factory.

According to reports the Milwaukee railroad company asked permission of no one to lay the track, but put a large force to work on Sunday completing the job in short order.

The laying of the track gives the company a double track on the race way.

LOSS BY PRAIRIE FIRES.

Enormous Damage Caused by Flames in South Dakota.

Sioux City, Iowa, May 4.—Definite reports regarding losses caused by prairie fires in South Dakota which are coming in show hundreds of thousands of dollars of damage was done by the flames in various parts of the state. In Sanborn county several dozen farmers lost everything. From Jerard county comes a like story. South of Armour a large number of farmers were burned out. In northern Brule and southern Buffalo counties nearly three townships were burned over. Nearly 3,000 head of live stock was lost. Damage in these two counties will amount to thousands of dollars, and it is reported two men lost their lives. Near Castle Wood Mrs. Erickson was burned to death while trying to save horses.

Michigan Team Braces Up.

Ann Arbor, Mich., May 4.—Michigan took a decided brace Wednesday from her schoolboy exhibition with Illinois and defeated the University of Indiana by a score of 9 to 0. Miller pitched only four innings, when Lehr was given a chance. The score: Michigan 3 0 2 2 0 1 0 0—9 Indiana 0 0 0 0 0 0 0 0—0

DAMAGE SUIT LAW.

The bill to regulate damage suits has passed both houses of the legislature, received the governor's signature, and its publication, officially, on May 2, puts it in force. The bill was drawn by City Attorney Fred C. Burpee and was ably championed by Senator Whitehead and Assemblyman Wheeler. The efforts of the two Janesville representatives are responsible for its passage, and as the result of their work future verdicts will be nearer in the line of justice.

Hereafter but one suit can stand, and the husband who is torn with "mental anguish," because of the "loss of society and services," must grin and bear his torture in silence. He cannot get \$5,000 as "damages" for the double action can no longer be brought. Notice of injury must be served within thirty days, and no action can be brought to recover damages as the result of accumulations of ice and snow unless it is shown that the ice or snow had been allowed to remain for three weeks.

Under the new law the city, it will be seen, will have a "show for its white alley," and Janesville people should feel indebted to the author of the bill and the men who secured its passage.

Cupid makes queer conquests once in a while, at Prescott, Michigan, Charles Howard and Miss Mable Grace Hamilton were married by Justice John R. McDonald. The groom, who is 34 years old, is the smallest man in the state, weighing only 85 pounds; the bride, aged 30 years, tips the scales at 384 pounds.

When President Cleveland promulgated his famous "Monroe doctrine message," with reference to the boundary line dispute in South America, the American people arose and cheered. President McKinley has the same enthusiastic support, and the Tagalheads should bear the fact in mind.

The people and the newspapers all over the country are denouncing the men who took part in the government-hissing mass meeting at Chicago. This is as it should be. People who are "against government" deserve no mercy.

Edward Atkinson's portrait shows a man who certainly should know better than to do anything tending to incite mutiny in the army of his native land.

Mrs. Robert Louis Stevenson has raised her voice in criticism of the president. This is the last straw! Let the president be impeached!

And Janesville people should not forget that Senator Roehr, of Milwaukee, also made a good fight for that damage suit law.

Judge Gilson is eminently fitted for the position of tax commissioner, and Gov. Sewfield showed wisdom in appointing him.

The day of the double action damage suit has passed.

TENDERED BANQUET AT GRAND HOTEL

IN HONOR SOUTHERN WISCONSIN DENTAL ASSOCIATION.

The Local Society Did Themselves Proud—That Popular Hostelry the Scene of a Delightful Social Function—Speeches Made by Prominent Members—Fifth Annual Meeting.

A faultless banquet was given at the Grand Hotel last evening by the Janesville Dental society, in honor of the fifth annual meeting of the Southern Wisconsin Dental association that convened in this city yesterday morning.

At 8:30 o'clock the doors of the dining room were thrown open and guests numbering sixty took their seats about the tables, which were beautifully decorated.

At the signal from Toastmaster Dr. C. C. Chittenden, of Madison, the guests were seated and proceeded to partake of the bountiful menu, while the Orpheus Mandolin club discoursed sweet strains of music.

After the appetites had been appeased, Dr. Chittenden made a few introductory remarks in reference to the society, which he said, was only a child of five years, which started with two members, but had proved one of the most lusty growers he had ever seen.

Mayor V. P. Richardson was then introduced and gave the address of welcome. The mayor stated that he was pleased to accept an invitation to have a good time and that the city was entirely at the disposal of the dentists.

Dr. W. J. Funston, of Platteville, Wis., responded to the address of welcome on behalf of the association. Mr. Funston gave a brief history of the organization. He said when at the last meeting at Dodgeville, Janesville was selected, he was pleased and his expectations were more than realized. He had entered the city and had not been molested or made to feel afraid. In behalf of his brother dentists he extended thanks for pleasures enjoyed and those they would yet enjoy.

Dr. G. H. McCausey, of this city, was next introduced. Dr. McCausey said no man on earth has done his duty who has not done what he ought to do if he recognized the necessity of the case. He had done all he could for his brother dentists and if he had been able to do more than others it was because God had so fitted him for the work.

Dr. E. J. Perry, of Chicago, was the next speaker. He extended the greetings of the Chicago Dental society, and stated that he was glad to recognize so many young men. He thanked the local society for the kind treatment accorded the visitors and congratulated the association upon its growth.

Gen. Jos. B. Doe, of Milwaukee, an invited guest, was called on for a few remarks. Mr. Doe was not at a loss to find words to express himself and made a few remarks that were well received.

John Curley, representing the Gideon Sibley company, Chicago, dealers in dental supplies, made a brief speech. He was introduced as one of that class who get into the hearts as well as the pockets of the dentists.

Dr. G. V. I. Brown of Milwaukee, congratulated Janesville on having so distinguished a body of men. The speaker said there were two prominent dental societies, and they should not go one before the other like a tandem, but side by side.

Dr. W. H. Carson of Milwaukee, secretary of the state board of dental examiners, said the dentist had no right to be ashamed of his profession. The day will come when they will all be able to talk intelligently. A dentist requires a versatility of talent. He must be an artist, a sculptor and push forward so as to show the minister, the lawyer and the editor that dentists are professional men.

Dr. H. A. Palmer of this city, spoke on the blessings of dentists living in unity, and advocated a brotherly feeling.

At the conclusion of Dr. Palmer's remarks the guests arose and joined in singing "Auld Lang Syne," after which they dispersed.

Progress of the Steel Trust.

New York, May 4.—Wall street learns that the proposed capitalization of the mammoth steel combine now being promoted by W. H. Moore of Chicago will be about \$600,000,000. The financing, it is said, will be done by J. & W. E. Seligman, J. P. Morgan & Co. and the National City bank. All of these institutions deny the statement, however, but the impression still prevails that the report is in the main correct.

Illinois Defeats Chicago.

Champaign, Ill., May 4.—Chicago went down before the University of Illinois team in an eleven-inning contest Wednesday, in which the game was won, lost and won again by the score of 11 to 9. DENTISTS FINISH ANNUAL MEETING

GATHERING HERE WAS MOST
SUCCESSFUL.

Interesting Clinics Were Given This
Morning, and This Afternoon Their
Fifth Annual Meeting Closed—Were
Pleased with Treatment Here—
Election of Officers for Ensuing Year

It was 10 o'clock this morning when
President F. S. Knapp of the Southern
Wisconsin Dental Association, called
the second day's meeting to order in
the rooms of the Rock County Caledonian
Society.

The banquet last evening no doubt
had something to do with this delay,
but when under way the tooth-pullers
made up for lost time.

Several new members were noticed in
the throng, eight new members of the
society having put in an appearance
during the morning.

The entire morning was devoted to
clinics that proved of an interesting nature.

In the assembly rooms the dentists
had provided dental chairs as well as
several modern appliances with which to
aid them in carrying out the morning's
program.

Dr. C. S. Bradley, of Beloit, had the
first clinic on the program which went
under the title of "Orthodontia." In
other words, Dr. Bradley brought be-
fore the dentists a young man from
Beloit by the name of Walsey. His
teeth were in bad shape as far as regu-
larity was concerned, there being no
two straight.

Dr. Bradley, after placing his patient
in the chair, showed his appliances for
regulating irregularities of the teeth.

Dr. Ad. Gropper, of Milwaukee, then
gave the second clinic on the program
by demonstrating the construction of
(what I would call the strongest and
most natural porcelain crown) a Logan
Richmond crown. (Dr. J. G. Hollings-
worth method.)

Dr. G. E. Cleophas, of Beloit, was the
third on the program, talking for his
subject:

"My method of making a banded
Logan crown, using porcelain body in
place of gold solder."

Dr. Perry, of Chicago concluded the
morning's program by giving his
method of making a seamless gold
crown.

This afternoon by a vote of 16 to 11
members of the Southern Wisconsin
Dental association decided to hold their
next annual session in Janesville.

The meeting will be a three day ses-
sion to be held the first Wednesday,
Thursday and Friday in May.

Delavan was the only other city in the
field for the meeting but the open heart-
ed treatment that the dentists have re-
ceived here during their stay has won
for the Bower City a warm place in their
hearts.

For the ensuing year the following
officers were elected:

President—F. S. Knapp, Plattville.
First Vice President—C. T. Peirce, Janes-
ville.

Second Vice President—Ad. Gropper,
Milwaukee.

Secretary—J. H. Reed, Lancaster.
Treasurer—W. G. Hales, Mineral
Point.

Fifteen members have been admitted
in the ranks of the society during the
session here as follows:

C. T. Pierce, Janesville.
C. C. Dornan, Janesville.
C. S. Bradley, Beloit.
C. H. Samsell, Evansville.
E. S. McBurney, Delavan.
C. T. Bennett, Janesville.
K. J. Wenker, Watertown.
A. L. Owen, Viola.
Ira M. Hall, Janesville.
G. W. Snyder, Barab.
C. W. Bennett, Monroe.
H. F. Dean, Whitewater.
S. A. Morgan, Shullsburg.
B. G. Macklein, Milwaukee.
N. P. Fahr, Delavan.

Dr. Brown of Chicago, took an im-
portant part in the clinics this morning
by the display of several photographs.
Dr. A. P. Nicholson, of Edgerton,
read a paper this afternoon on trans-
planting.

Dr. R. G. Richter, of Milwaukee and
Dr. W. T. Hurd, of Boscobel, who
were scheduled on the program this af-
ternoon with papers failed to take part.

The fifth annual session which closed
this afternoon was one of the most
profitable and interesting ever held in
the interest of the society.

Local dentists have worked faithfully
to make the visitors at home, and that
they succeeded in every way is quite
evident, judging from the good time re-
ported by all.

TWO VERY NAUGHTY GIRLS.

Warrants Were Sworn Out In the Muni-
cipal Court.

Chief Hogan had warrants sworn out
in the municipal court this morning for
the arrest of Laura Williams and Miss
Mosher. According to the warrants
these two young women have not been
conducting themselves in a lady like
manner, and tomorrow they will have
an opportunity to explain themselves
before Judge Piffard.

SHRIMP SAUCE—This is one of the
best sauces for fried fish. Into a sauce-
pan put a tablespoonful of butter, one
tablespoonful of flour, and place on fire
until melted. Add one cupful and a
quarter of water and stir until it thick-
ens. Stir in a quarter of a teaspoonful
of anchovy paste, the juice of one-half a
lemon, seasonings to taste and one-half
cupful of chopped shrimps. Simmer for a
few minutes, add two tablespoonfuls
more of butter and pour over the fish.
BREAD CRUMBS—For three times
a week spread the accumulated scraps
upon a tin plate or in a baking pan and
set in a moderate oven until perfectly
dry. Soft or "soaky" bits are good for
nothing and interfere with the work. If
by chance or intention the bread is
slightly browned, keep it apart from that
which remains white. A glass jar for
each kind is a good idea. While the dried
bits are still warm lay upon a kneading
board and crush to powder with rolling
pin. Keep in closed jar in dry place. It is
valuable for breads, croquettes, fried
fish, chops, etc. Roll the article to be
breaded first in beaten egg, then in the
bread dust, to which has been added a
little salt and pepper.

BIG COMBINE OF FARM MACHINERY

JANESVILLE MACHINE COM-
PANY INTERESTED.

Plow Manufacturers Held Important
Meeting in Chicago, Which Looks
Like Gigantic Trust—Manager
Craig Says That No Trust Was
Formed Nor Will Prices Advance

Representatives of a number of plow
manufacturing concerns in the United
States have been in Chicago of late hold-
ing a most important gathering.

The Janesville Machine Company,
who are now extensive manufacturers of
plows, was represented with a delegate.

The object of the meeting is said to
be the formulating of a plan for the
combination of those engaged in the
business. This combination is further
more said to be but a step toward the
general massing into one corporation of
all the makers of agricultural imple-
ments in the country.

According to the rumored scheme, the
makers of threshing machines will fol-
low the plow manufacturers in the
work of consolidation.

These two consolidations once com-
pleted the general scheme includes like
action among the makers of harvesters
and other agricultural implements.

Finally all are to be united in one
grand combine.

Manager Craig, of the Janesville Ma-
chine company, stated this morning that
the object of the meeting had nothing
to do with the formation of a trust or
was any steps taken to this effect. He
said that the meeting was held for mutual
benefits along other lines.

employ three experts to do the work.

THE BASEBALL REPORT.

Chicago was forced out to a tanning game at Cleveland yesterday. Burns' men needed the game to maintain the tie with Brooklyn for third place. Left Penitents in San Juan.

San Juan de Porto Rico, May 4.—Several hundred soldiers who were discharged from the United States army three weeks ago are awaiting transportation home. They are without funds and are becoming much exasperated over the delay. These men are a source of great care to the military and police authorities, who fear that unless they are provided with transportation to the United States soon their demoralization will affect the city. Gen. Henry has authorized them to sleep and eat at the military barracks. Many of the men are without a cent.

Clothing Store Is Burned.

Philadelphia, Pa., May 4.—A fire of unknown origin Wednesday destroyed Charles Bacharach's clothing store, at Thirteenth street and Ridge avenue, and before the flames were subdued about fifteen other buildings, principally small dwellings in the vicinity, were badly damaged. The entire loss is estimated at \$150,000, covered by insurance. The store burned like paper, and some of the employees escaped with difficulty. It was a shell-like frame and brick structure, and not one of the walls was left standing.

Cheer Alger and Wheeler.

Lansing, Mich., May 4.—Secretary Alger and Gen. Joseph Wheeler were met by the entire legislature, its officers and employees on their arrival at the railroad station here Wednesday on the occasion of their visit by invitation of the legislature. Grand Lodge A. O. U. W.

Rock Island, Ill., May 4.—The twentieth biennial session of the Illinois grand lodge, Ancient Order of United Workmen, ended Wednesday. F. J. Kurtis of East St. Louis was elected grand master workman. Danville was voted the next session of the grand lodge, which will be held in May, 1901.

Reception Awaits the Ninth.

McLeansboro, Ill., May 4.—Col. James R. Campbell of the Ninth Illinois volunteer infantry is at home, and says the Ninth will likely be mustered out May 20, arriving home about May 22. Col. Campbell and companies A and L of this county will be given a grand reception on their arrival.

Denver After the Big Fight.

Denver, Colo., May 4.—Bob Fitzsimmons and James J. Jeffries may contest in this city before the Colorado Athletic association at Coliseum hall for a purse of \$20,000. Matchmaker Otto C. Feltz left for New York this afternoon to complete the arrangements.

Miners Win Their Strike.

Des Moines, Iowa, May 4.—The committee of strikers met the mine operators Wednesday and settled the Carbondale strike, 360 men returning to work. The operators grant 50 cents mine run weights, eight-hour day, which amounts to a victory for the men.

RIOTERS FLEE FROM TOWN.

Troops' Arrival Causes General Panic of Dynamiters.

ARRESTS MADE BY SOLDIERS.

Military Authorities Have Complete Control of the Situation at Wardner, Idaho—Inquest Over Mob Victims Begun—Martial Law Declared.

Wardner, Idaho, May 4.—With the exception of last Saturday, Wednesday was the most exciting day Wardner has seen. Every hour in the day squads of colored troops, assisted by constables, were arresting dynamiters. Many of the men wanted fled to the hills to escape capture. At 6 o'clock in the afternoon 101 had been arrested. A few of them made show of resistance, but the bayonets of the soldiers soon brought them into line. The troops are waiting for re-enforcements before making arrests at Canyon creek, as they may meet resistance there.

Gen. Merriam is expected here today. The attorney-general of the state is also coming.

The prisoners were marched to camp. Nearly all are Swedes and Italians, only a few being Americans.

Fifty-nine men of the Fourth cavalry arrived here from Walla Walla. Coroner France has impaneled a jury of merchants. The inquest on the mob violence victims has begun. No more rioting is feared until arrests begin on Canyon creek.

Boise, Idaho, May 4.—Gov. Steunenberg issued a proclamation declaring Shoshone county in a state of insurrection. This will result in placing the government of the county, in so far as may be necessary, under military rule.

Decrease in Havana Deaths.

Havana, May 4.—The most recent reports regarding the health of Havana's population show a great and continued improvement, with a death rate of only two-thirds of that officially recorded for the corresponding period of last year. Not a single case of yellow fever is known to exist. The health of the American troops throughout the islands is exceptionally good.

Italy's Cabinet Out.

Rome, May 4.—After a second boisterous sitting of the chamber of deputies in discussing the Chinese question, the Pelloux ministry has resigned. This action was taken in view of the certainty that the ministry could carry with it no more than a small majority, and the probability that it would fail of support altogether.

Thinks Strike Will Be Settled.

Terre Haute, Ind., May 4.—President Van Horn of the Indiana miners left Evansville today to personally superintend the strike of the southern Indiana miners. President Van Horn states that the strike affects 1,500 men and that, owing to the organization in the field, he believes the strike will be a short one.

NOTICE TO CONTRACTORS.

Sealed proposals will be received by the undersigned city clerk of the city of Janesville until May 11th, 1899, at 8 o'clock p. m., for furnishing the city with lumber, sewer pipe and cedar blocks for the ensuing year, ending April 15th, 1900.

1. Such lumber, sewer pipe or cedar blocks, or either of them, to be delivered, free of charge for delivery, at any point or points within the limits of said city which may be designated by the street commissioner.

2. Sower pipe, first quality, vitrified, salt glazed inside and outside pipe, 10, 12, 14 and 18 inches in diameter, inside measure. All curves or other fittings required by the city, to be furnished by the successful bidder at the same price as such bidder offers the above mentioned sizes of pipe.

3. Cedar blocks to be sawed from good, sound, live cedar posts of from four to ten inches in diameter, free from bark, rot or other defects, and about the uniform six inches long.

The council reserves the right to reject any and all bids.

25 Cents Polishes Your Furniture

We never saw anything as effective as Monarch Polish. There is no trick about using it. Simply rub it on old furniture, pianos, organs, hard wood, mantels, or anything of the sort. In a moment you have restored all the original brilliancy. It removes white spots, finger marks, etc., and will not catch dust.
